Executive Session

After opening the meeting, at 6:31 p.m. Mrs. Weld asked for a motion to adjourn the open session and convene in executive session for the purpose of discussing litigation. It was so moved by Mrs. Lisbon, seconded by Mr. Heinlein. Mrs. Weld polled the Board and by unanimous roll call vote the Board convened in executive session, to return to open session.

At 6:54 p.m., the Board adjourned the executive session and reconvened in open session.

Planning Board

Mrs. Weld welcomed town planning consultant Gino Carlucci to this evening’s meeting to discuss proposed sidewalk guidelines being developed by the Planning Board. These standards would guide the Planning Board in its decision-making process with respect to sidewalk requests.

Mr. Carlucci reviewed the draft proposal with the Board, first providing statistics for the existing sidewalk network which is concentrated primarily in the center of Town, and traffic counts for those locations. Criteria to be considered in evaluation and prioritization of potential sidewalk locations would include expansion and linkage of the existing network, heavily traveled roadways (5000+ vehicles/day) or the safe passage of children or the elderly. If any of these criteria are met, the Planning Board would then look at availability of rights-of-way or easements, and geographic factors such as tree removal. The Planning Board and Board of Selectmen would share information about sidewalk proposals being placed on the Town Meeting warrant. Within timeframes outlined in the guidelines, a sidewalk proposal with sketch and other specified information must be submitted to the Planning Board, a public hearing would be scheduled within 30 days of receipt with advertisement and abutter notification, and comments would be solicited from relevant Town departments prior to the hearing to be considered by the Planning Board in its deliberative process. The Planning Board would issue a recommendation regarding the proposed sidewalk within 30 days after the hearing or prior to the Town Meeting at which the sidewalk would be considered.

Mr. Carlucci asked the Board of Selectmen for its opinion on making the sidewalk guidelines a Town policy versus a Town bylaw. It was the sense of the Board that the guidelines should be a Town policy. Mr. Carlucci agreed, adding that it would be easier to make revisions, if necessary.
Mrs. Weld commented that it seemed logical for sidewalk requests to fall under the
purview of the Planning Board. Mr. Carlucci told Mr. Heinlein that if these guidelines
were implemented, the Planning Board would have primary jurisdiction over all sidewalks,
not just those on scenic roadways.

Mrs. Lisbon strongly urged that the Town Engineer review and give advice on any
sidewalk proposals submitted to the Planning Board, and that both he and the Highway
Department work with citizens to develop accurate cost estimates to be presented for Town
Meeting vote. Mr. Heinlein agreed with the requirement that the sidewalk proponent
should bear all costs related to the public hearing.

Mrs. Weld asked Mr. Carlucci to convey the Selectmen’s comments this evening to
the Planning Board, and said that the Board will forward any additional comments
in the near future.

Review & Sign Annual Town Meeting Warrant
Mrs. Lisbon moved to accept the warrant for the Annual Town Meeting as submitted,
seconded by Mr. Heinlein; it was unanimously voted.

Dover Community Center Building Committee Update
Mrs. Weld reported that members of the Dover Community Center Building Committee

and/or large gathering spaces.

Mr. Heinlein observed that the next joint meeting of the DCCBC, its subcommittees and
the Board of Selectmen will take place on March 25, 2008, at which time these committees
will present their findings, and discuss preliminary options and scenarios for the Caryl
School site for further development. The Board thanked all of the volunteers on this
project for their thoughtful and comprehensive work to date.

Mrs. Lisbon suggested that a member of each subcommittee join the DCCBC in order to
share with the building committee the expertise that has been developed by the sub-
committee over the past several months.

Mr. Ramsay announced that the Caryl School repair project has gone out to bid, with
selection of a roofing company expected to occur in March.
