

**Conservation Meeting Minutes**  
March 12, 2008

Members present: Chair Ed Dennison, Peter McGlynn, Rick Weden, Will Schulz, John Sullivan, Kate Faulkner, associate member John Rossetti

Members absent: Tim Holiner, associate member Paul Angelico  
Consultant: George Giunta

**1. 162 Centre Street - Soska**

Commissioner John Sullivan recused himself, as he is the builder for this project.

Bob Homer, Town Engineer and Craig Hughes, head of the Highway Department were present for this discussion of the run-off and water problems that developed over last weekend. Abutter Richard Powers was invited, but was not present.

The history of run-off and water issues at this site and across Centre Street was reviewed. The temporary nature of the cement plug installed in the street culvert opening, at # 162, by the highway department, was discussed. Areas under Conservation jurisdiction in this area including the culvert and portions of land owned by Mr. Powers, were discussed. There was agreement that the cement plug would be removed upon completion of the underground drainage system at 162 Centre Street.

The Commission instructed agent George Giunta to investigate activity at 157 Centre Street that may be under Conservation jurisdiction and report back to them.

**MISCELLANEOUS**

1. Minutes for February 27 were approved.
2. Meetings were scheduled for July 16, August 20, September 10 & 24, October 8 & 22, November 5 & 19, and December 3 & 17.

Respectfully submitted,

Julie Brantley  
Administrative Assistant
