There was discussion about the Bylaw and that Dr Oliva should be actively participating with any interested parties. Mr Calo, Building Dept, will send a letter if Dr. Oliva fails to comply with the Bylaw. June 6th marks the one year anniversary of the historically significant vote.

There was further discussion on the Application for Permit to Relocate or Demolish. Richard Eels was going to discuss with the Building Inspector. The Commission needs notification that Permits are in the works.

Further discussions involved where to put 6 Farm if it becomes available and its future use.

Christopher Wainwright, an interested party, wants to get in touch with Dr. Oliva and Richard was going to give him the email address. Richard also talked to Joan Draper who presently lives in Oregon was wondering how she could help.

The Commission thanked Sara Molyneaux and Jill French on the work that they have done to save 6 Farm St.

Jane Moore said she had written and submitted the 2007 Historical Commission report to the Town Report Committee.

The Commission has been asked to visit 100 Centre St. and check on their shed as a permit has been taken out.

A member of the Commission noted that the 50 Willow St. has been demolished.
