

**Town Dover**  
**Long Range Planning Committee**

Meeting Minutes  
February 5<sup>th</sup>, 2009

The meeting was convened at 7:39 am. Present were members Jerry Arnold, Jim Dawley, Rich Forte, Sharon Grant, Wally Weld, Catherine White (O.S.C.) and Selectman Carol Lisbon.

The course of the meeting's discussion touched upon two areas:

- 1) Catherine White updated the committee on several issues regarding the monitoring and maintenance of open space. How do we protect what we have? How do we let people know about potential changes to open space? How do we develop a policy toward expanded public awareness regarding potential changes in use? How should Open Space Committee notify citizens; notice of intent? How to corral citizen input? If impact of intended change is large enough, should it be required to have town meeting approval? Also discussed was the fact that Dover has no procedure for evaluating impending projects involving publicly- or Town-owned land.
  
- 2) Carol reviewed the All Chairs meeting, by committee.

The meeting minutes of January 8, 2009 were approved.

The next meeting will be Thursday, March 12, 2009 in the conference room at the Town Garage.

The meeting was adjourned shortly before 9 am.

Respectfully submitted,

Jerry Arnold  
Interim Secretary
