OLD BUSINESS

Jon Wolff had a discussion with a highway worker regarding the decision made by the Trustees about a recent request for a Saturday burial.

Jon Wolff also reported that the Fattore family spoke to him about the tree that was planted in memory of Mrs. Fattore's brother and thanked him for his help.

Bill and Jon then mentioned they had met at the cemetery to take a walk around and to discuss the condition of the headstones and the possible purchase of a power washer in order to clean the stones. They also discussed the desire of Bill to have a water display (pond) built at the rear of the cemetery. As they were walking around the cemetery they informed Rusty that there were a lot of limbs down and that they needed to be picked up as soon as possible. The bushes by the Hearse House were then discussed and it was noted that they had all been trimmed. After the report Carol questioned why she had not received a call and it was their decision that it wasn't necessary as no final decisions were to be made. She then reported that she would always be available for a meeting no matter what time and to please call her.

Meeting closed at 7:30 pm. Next meeting will be June 4, 2007 at 6:30 pm.
