

## Conservation Meeting Minutes October 10, 2007

Members present: Chair Ed Dennison, Tim Holiner, Will Schulz, Rick Weden, John Sullivan, Kate Faulkner, associate members John Rossetti, and Paul Angelico

Members absent: Peter McGlynn, and associate Karen Goldaber

### 1. (off) POWISSETT STREET - The Trustees of Reservations

Notice having been duly published the hearing for a Request for Determination of Applicability was opened. Mike Frances from TToR was present and was represented by representatives from Beals & Thomas. The project proposal for a 25 car parking area for Noanet Woodlands off Powissett Street was described. The area is wooded but many trees will remain because of the somewhat irregular circular design. The surface will be gravel and a drainage area has been designed to collect any run-off. The proposed work is just outside the 100' buffer zone to wetlands so there is no Conservation jurisdiction. Discussion.

Upon motion duly made and seconded the Commission voted to close the hearing.

Upon motion duly made and seconded the Commission voted to issue a negative Determination stating there is no Conservation jurisdiction and a Notice of Intent is not required.

### 2. **88 WALPOLE STREET** - Haviland

Discussion. The property owners were present and described their desire to use excavated material from construction of a patio to fill/grade an area in the buffer zone. A representative from LEC Environmental, who flagged the resource area, was present and described the resource area as either an isolated wetland or possible vernal pool. Discussion. A filing will be required for this work. Agent George Giunta will make a site inspection before the next meeting on October 24.

**3. LOT C-1, PINE STREET - Tam**

Cont. The applicant's engineer was not present and a continuance to October 24 was requested.
