RSVP BY NOVEMBER 6TH

NOVEMBER CIRCLE OF FRIENDS
LUNCHEON-$3.00-GC
Tuesday, November 27th 1:00PM Grace Church
RSVP the COA by Nov. 20th

A FREE ONE DAY CARD MAKING CLASS
Monday, November 19th at 10:00AM—FS Room
Do you like to create cards or would you like to learn how? Join Stacy Sack who teaches card making classes throughout the area. All supplies will be provided—Please RSVP by November 14th. Space limited.

ATTENTION VOTERS!!
Election day is Tuesday, November 6th.
THE TOWN HALL WILL OPEN AT 6:00AM
One thing you can do to hasten the process is be familiar with the ballot questions ahead of time. You should have received a red brochure in the mail with the 3 questions. They are quite long so please review them before you vote. You can also visit www.sec.state.ma.us/election. For more information.

THE NEED FOR A SENIOR CENTER IN DOVER
By: The Senior Needs Assessment Subcommittee
With more than 77 million baby boomers turning 65 and living longer and more active lives, at a rate of 10,000 per day for the next 10 years, we are experiencing historic growth in the 65-plus demographics. Dover is experiencing that same growth with the current senior population of 1,340 seniors increasing to 1,759 by 2016. As a result, the Dover Council on Aging is studying issues affecting today’s seniors: transportation, social services, cultural offerings and health and wellness programs. Are we ready for an aging population? Sadly, the answer is “No”. (Continued on pg. 4)

FRIENDS OF THE COA
Membership in the Friends of the Dover COA goes from Jan. 1 to Dec. 31. Your membership donation is tax deductible and goes directly to support programs and services of the Council on Aging.
**COUNCIL ON AGING BOARD MEETING**

- $40.00 round trip
- You can purchase the tickets at the COA.
- Once you have purchased your ticket, call JFK and give them the information. (you must give a 48 hr. notice for Boston)

How to Lock Your Car and Why
(Submitted by a Dover resident)
I locked my car. As I walked away I heard my car door unlock. I went back and locked my car again three times. Each time, as soon as I started to walk away, I would hear it unlock again!! Naturally alarmed, I looked around and there were two guys sitting in a car in the fire lane next to the store. They were obviously watching me., I quickly jumped in my car and sped away. I went straight to the police station, told them what had happened, and found out I was part of a new, and very successful, scheme being used to gain entry into cars. Two weeks later, my friend's son had a similar happening.... While traveling, he stopped at a roadside rest to use the bathroom. When he came out to his car less than 4-5 minutes later, someone had gotten into his car and stolen his cell phone, laptop computer, GPS navigator, briefcase.....you name it. He called the police and since there were no signs of his car being broken into, the police told him he had been a victim of the latest robbery tactic -- there is a device that robbers are using now to clone your security code when you lock your doors on your car using your key-chain locking device.. They sit a distance away and watch for their next victim. They know you are going inside of the store, restaurant, or bathroom and that they now have a few minutes to steal and run. The police officer said to manually lock your car door by hitting the lock button inside the car. That way if there is someone watching for their next victim it will not be you and your security code will not go through the airwaves. It’s only when you hit it walking away.

YOGA FOR WELLNESS - (For All Ages)
CARYL COMMUNITY CENTER - 2ND FLOOR
Mondays & Wednesdays 9:30AM - 10:30AM
60+ - $3.00 Under 60 $5.00

Come join the Dover COA community as we move for wellness.
Yoga has long been established as a viable way to improve health and vitality, strength and balance. De-stress, breathe, and move toward a healthier, happier you.

Please wear comfortable clothing.

MEET OUR BOARD OF DIRECTORS
(Each month we will feature one of our Board Members for you to meet. Our members work extremely hard and are dedicated to serving the needs of Dover’s seniors)

MEET CARA GROMAN
Cara Groman is a recent addition to the COA Board. She is also on the the “Senior Needs” subcommittee. She moved to Dover 22 years ago with her husband, John and two children. She served on the Dover recycling Committee and is member of the Powissett Garden Club. She enjoys gardening, golf, reading and travel.

THROUGH THE GARDEN DOOR
GIRDLING ROOTS
Sometimes as trees grow they send out roots on the surface that circle the base of a tree. These roots need to be cut out using a large pair of pruners. If you do not, the roots will grow larger and the tree trunk will not be able to expand leading eventually to the death of the tree.
Older Americans are striving to “age in place”, despite physical and economic difficulties in some cases. Leading reasons to remain in their current homes included liking where they currently live, having family and friends nearby and not wanting to deal with the hassle of moving. Most seniors intend to continue living in their current homes over the next 5 to 10 years. Finance plays a role in this decision as seniors cannot afford the cost of moving their belongings and believe they cannot sell their home in the current real estate market. Many baby boomers aged 60 to 64 believe the housing options available to them are unaffordable.

Seniors are not only receiving long-term care – they are providing it, too. Half of older Americans have someone they consider to be a caregiver in their lives and many seniors report they serve as the caregiver. The seniors who do not currently have a caregiver believe it is likely that they will need one in the future.

Many caregivers and seniors are unaware there is a service in their community that they could call to request assistance with everyday needs. In 2007, 264 Dover residents utilized the services of the Council on Aging. By 2011, the number had increased to 526 residents. These Dover residents consist of seniors and caregivers. At this time, Dover does not have the community resources necessary to support our seniors so that they may live an independent lifestyle. The Council on Aging programs are scattered over 7 locations and must now use neighboring towns’ facilities. It is time for our aging population to have a senior center that will provide space in one location for senior education, counseling needs, activities, meals and an opportunity to socialize with our friends and neighbors. It is time to realize that the person we are talking about is you.

---

**THANKSGIVING TRIVIA**

- The first Thanksgiving was celebrated by the pilgrims in the fall of 1621 after surviving a year in the New World.
- It was held in Plymouth, MA and attended by the local Wampanoag Native American tribe, who had helped the pilgrims cultivate land and make it through the winter.
- The feast lasted three days.
- The food served at the first Thanksgiving resembled nothing like we serve today. Lobster, rabbit, chicken, leeks, radishes, cabbage, eggs, and goat cheese were among the food presented then.
- Until 1863, when President Lincoln officially set aside the last Thursday in November as Thanksgiving, presidents made 'Thanksgiving Proclamations' to declare when it would be held.
- To spur the struggling economy in 1939, President Franklin D. Roosevelt made Thanksgiving occur on the third Thursday of November, making the holiday shopping season longer.
- It remained that way until 1941, when Congress declared Thanksgiving to be held on the fourth Thursday of November once more.

**TURKEY TRIVIA**

- The bald eagle may be our national bird, but Benjamin Franklin had hoped it would be the turkey. Thomas Jefferson opposed the idea vehemently. It is said that to retaliate, Franklin dubbed male turkeys as “toms,” after Jefferson.

**AND...THE AVERAGE PERSON CONSUMES 4,500 CALORIES ON THANKSGIVING DAY. IS IT TIME FOR PIE YET?**
**ON THE LITE SIDE**

**MURPHY'S LAW OF COMPUTING**

- When computing, whatever happens, behave as though you meant it to happen.

- When you get to the point where you really understand your computer, it’s probably obsolete.

- The first place to look for information is in the section of the manual where you least expect to find it.

- When the going gets tough, upgrade.

- For every action, there is an equal and opposite malfunction.

- He who laughs last probably made a back-up.

- A complex system that does not work is invariably found to have evolved from a simpler system that worked just fine.

- The number one cause of computer problems is computer solutions.

- A computer program will always do what you tell it to do, but rarely what you want to do.

**MY INCONCLUSIVE TRAVEL PLANS FOR 2012**

- I have been in many places, but I've never been in Cahoots. Apparently, you can't go alone. You have to be in Cahoots with someone.
- I've also never been in Cognito. I hear no one recognizes you there.
- I have, however, been in Sane. They don't have an airport; you have to be driven there. I have made several trips there, thanks to my friends, family and work.
- I would like to go to Conclusions, but you have to jump, and I'm not too much on physical activity anymore.
- I have also been in Doubt. That is a sad place to go, and I try not to visit there too often.
- I've been in Flexible, but only when it was very important to stand firm.
- Sometimes I'm in Capable, and I go there more often as I'm getting older.
- One of my favorite places to be is in Suspense! It really gets the adrenalin flowing and pumps up the old heart! At my age I need all the stimuli I can get!
- I may have been in Continent, and I don't remember what country I was in. It's an age thing. They tell me it is very wet and damp there.
