Opening remarks: We thank school committee, staff and community members for their time and participation in the search process.

1. Review of the search process by Dana White, Chair Supt. Search Team and the Open Meeting Law requirements that ensures we discuss the candidates at a public meeting in a manner that is unlike a private search.
2. All committee members shared feedback from their experiences as a candidate host, member of a small group meeting or at the public evening meetings with the candidates. Feedback was reviewed from the community and groups visited during the day. Additional reference comments were shared. Discussion ensued regarding the current and future needs of the district, our desired candidate profile and the candidates.
