1. Meeting called to order at 7:00 pm.
2. The Board approved the minutes of February 23, 2015.
3. 95 Centre Street - Ardi presented a preliminary plan regarding a potential future request for a variance. The well for the house is on a section of land that the owners plan to donate to DLCT. The owners would request an easement for that portion of the donated land where the well is located. The Board would not be inclined to grant the variance.
4. The updated Water Regulations were approved.
5. Well Study – Several labs will be contacted to find one that is suitable in efficiency and cost for the testing and analyzing water potability.
6. LDC – A Lyme Disease town-wide survey questionnaire will be developed for approval by the Board. Information regarding the well study will also be available on the survey.
7. EPP – The Dover MRC will be updated and reactivated.
8. The meeting adjourned at 7:52 pm.
