

Dover Personnel Board Meeting
October 18, 2016, 6:00pm

Attendees: Mary Carrigan, Sue Geremia, Juris Alksnitis, Greer Pugatch, David Ramsey, Robin Hunter

The Personnel Board convened to review together a letter from a former Town of Dover employee dated October 6, 2016.

Although the letter received by the Personnel Board does not warrant action in accordance with current Town of Dover, state and federal Rules and Regulations, we have reviewed the items raised, assessed the situation and responded.

The Personnel Board carefully examined the 4 items listed by the former Town of Dover employee in response to her belief that these items added work that required a change in job level. The board did not find any of these items to change the type of skills needed to perform in this position and therefore the current level of the job is deemed correct.

Respectfully Submitted on behalf of the Personnel Board;

Susan Geremia
